

TO REPORT THE HEPBURN BILL

Senate Committee Votes to Omit All Amendments

THE VOTE STOOD 8 TO 5

Floor of the Senate to Be Scene of Final Battle over the Proposed Incorporation in the Railroad Rate Regulation Bill.

Washington, Feb. 23.—The Hepburn rate bill was reported favorably by the Senate committee on interstate commerce yesterday afternoon.

The Democratic members of the committee held a caucus yesterday morning and decided to vote to report the bill without amendment and transfer the contest from the committee to the floor of the Senate.

This did not commit the Democrats on the question of a conference.

A precipitant recess was brought about at 12:15 by a motion of Senator Dilliver before the committee to report the bill without amendment. He had produced a telegram from Senator Cullom giving instructions to cast his vote against any amendments that were not adopted unanimously.

The Democratic members desired time for conference and Tillman, McLaughlin, Foster and Newlands withdrew for consultation.

During the recess Senator Dilliver said that he would force a vote on his motion by 3 o'clock if that were possible. He expressed confidence that all of the Democrats would vote for the motion and that his, Senator Clapp's, and Senator Cullom's votes would make a majority for the House bill.

After the Democratic members of the interstate commerce committee had conferred it was developed that they would vote to report the Hepburn bill without amendment, but different members would reserve the right to support the amendments when the bill was considered in the Senate.

Another point that was to be settled in committee was the personality of the man who should report the bill. Naturally it was supposed that Senator Dilliver would be selected, but there was opposition to according him that honor.

INTERESTING FACTS

Remarks by an Observer.

"It seems strange to me," remarked a prominent physician, the other day, "why so many people make light of what is, in many respects, one of the most dangerous diseases—grip. Scores of people whom I know come to regard this deadly malady as a joke or call it fashionable."

"Possibly there is no disease that is as far reaching in its effects as this same fashionable grip. Fashionable, indeed! When I stop to think of the appalling results of grip that have come under my observation, it makes me shudder. Would you consider it 'fashionable' to have a weak heart, affected lungs or impaired eyesight? Would it be a joke to spend the remainder of your days in an insane asylum? These are not mere fancies; they are pictures drawn from life showing the awful results from grip. Of course all persons suffering from an attack of grip are not left with these afflictions, but I have yet to discover a person who has had this disease who has not been left with some portion of his system weakened. It is this weak spot that is susceptible to every unhealthy influence that comes along. The best way to prevent grip is to keep the system in such good condition that it will throw off any tendencies toward this prevalent disease."

The best way to fortify yourself against grip is to take Mages's (Malt) Emulsion. It gives you the strength and vitality necessary to stand severe weather, and can always be depended upon. It is a nutrient of the highest value, and after a period of low vitality it puts hope into the patient and makes life worth living. It replaces the wasted tissues and holds all gains.

Mages's (Malt) Emulsion is a pure cod liver oil, combined with syrup, dextrose, non-alcoholic malt and hypophosphites of lime and soda. Cod liver oil has long been recognized by the medical profession as the best remedy for bronchial and pulmonary affections and in Mages's you get the pure article in combination with the malt and hypophosphites. Diastatic malt extract, such as is used in Mages's (Malt) Emulsion, is non-alcoholic and is regarded by physicians as the highest form of food. You thus get a food, a medicine and a tonic combined. Mages's (Malt) Emulsion is the greatest flesh builder and invigorator known. It strengthens the weak and imparts vitality to the most delicate invalid. Don't delay—it's dangerous; start taking it today.

Beware of the wine preparations. They are only artificial stimulants and the reaction which follows their use leaves you in a worse condition than before. There is only one Mages's (Malt) Emulsion and it contains no whiskey—no wine—just food.

It may be procured of E. A. Brown, Druggist, 43 North Main street, Barre, Vermont.

It Makes Pure Blood

We are often asked, Why does Hood's Sarsaparilla effect such wonderful cures of cases that seemed beyond the reach of medicine?

An examination of our well-known formula, from which Hood's Sarsaparilla is and always has been carefully and scientifically prepared, confirms the fact that it contains those well-known and valuable medicinal ingredients, which, when intelligently combined and properly administered, are sure to bring about good results.

It is the properly balanced proportion, combination and process in combining those ingredients known to have specific action upon the blood, stomach, liver, kidneys and bowels, which make Hood's Sarsaparilla peculiar to itself and enable it to produce results unequalled by any similar medicine.

These ingredients are: for the blood, Sarsaparilla, Sulfur, Yellow Dock; for the liver, Mandrake, Dandelion; for the kidneys, Uva Ursi, Juniper Berries, Pipsissewa; for the stomach, Gentian, Wild Cherry Bark, Bitter Orange Peel; for the bowels, Senna, Mandrake, Dandelion.

"After scarlet fever I was without strength, had defective hearing, running, watery eyes, twinges of pain and exhaustion, and free perspiration upon the slightest exertion. A sore on my left hand laid me up. In this low condition Hood's Sarsaparilla helped me in a week and in 8 weeks I was in perfect health, my blood cleansed of impurities and my bowels regular. My complexion is better now than ever. I recommend Hood's Sarsaparilla for all blood humors and skin diseases." Mrs. HENRIETTA EMORY, 34 Dean Street, Roxbury, Mass.

Makes people well and keeps them well. Get it today.

and it was thought some other member would be chosen.

Chairman Elkins at noon declared: "They have got the vote to report the Hepburn bill," meaning the Democrats.

HOUSE FOR RAILROAD PROBE.

Orders Investigation Into Coal and Oil Industries.

Washington, Feb. 24.—The House at 1 o'clock yesterday afternoon, without a dissenting vote, passed the Tillman joint resolution, as amended by the House committee on interstate and foreign commerce, providing for an investigation by the interstate commerce commission of railroad monopolies in coal and oil.

BAY STATE DIVORCE LAW IS COMMENDED.

Congress on Uniform Divorce Laws Says Each State Code Should Embody Its Principle.

Washington, D. C., Feb. 24.—Before finally adjourning Thursday night, the congress on uniform divorce laws for the several states adopted the following resolution, which seeks to make even more stringent the laws pertaining to the "migratory" character of divorce: "Each state should adopt a statute embodying the principle contained in the Massachusetts act, which is as follows: 'If an inhabitant of this commonwealth goes into another state or country to obtain a divorce for a cause which occurred here while the parties resided here, or for a cause which would authorize a divorce by the laws of this commonwealth, a divorce so obtained shall be of no force or effect in this commonwealth.'"

A resolution was also adopted providing that "fraud or collusion in obtaining or attempting to obtain divorces should be made statutory crimes by the criminal codes."

It was further recommended that the necessity for annual collection and publication of statistics on divorces would greatly assist in combating the divorce evil. At present but 11 states compile such statistics.

PROGRESS ON CANAL.

January Report Shows More Work Done, and Cheaper.

Washington, D. C., Feb. 24.—The joint canal commission has received a report from Chief Engineer John F. Stevens at Panama, which shows that the total yardage moved on the Culebra division for the month of January exceeded that moved in December, and that the average cost per yard for January was lower. Mr. Stevens's report is as follows: "The work report for the month of January, 1906, Culebra division, shows a total yardage moved of 130,950 at a cost of 72 cents per cubic yard. Comparing this with the figures for December, the latter month shows 70,330 yards moved at a cost of 93 cents."

The report adds: "You will see that, as compared with certain months last fall, we have reduced the cost of handling this material over 100 per cent."

MR. WHITE HOPEFUL.

Ambassador Cables There Is No Immediate Fear of Hostile Issue.

Washington, Feb. 24.—Ambassador White yesterday cabled the State Department from Algiers that the conference had adjourned until Saturday next after discussing at some length the question of an international bank. A very strong spirit of conciliation seemed to prevail. The understanding here is that there is no immediate prospect of hostile issue between France and Germany on this subject.

INSURANCE MEN WILL FIGHT

Will Unite for Defeat of Certain Reform Legislation

RESENT FINANCIAL PART

Limitation of Investments Regarded as the Most Serious Blow in Committee Report—Many Meetings Are Held.

New York, Feb. 24.—Conference were held yesterday in the offices of each of the insurance companies in this city by their respective officers and, although in some cases the meetings would have been held in any event, it is known that in each case all business was laid aside in favor of a discussion of the legislative investigating committee's report, presented Thursday to the lawmakers at Albany.

Already there is a tacit agreement among the big companies to join forces in opposing the passage of most of those bills recommended by the investigators which bear upon the financial management of the insurance funds. The sweeping recommendations as to the limitation of investments have caused consternation among the executive heads of the companies and the financiers who are on the various boards of trustees.

Although an inkling of what the recommendations would be had been conveyed to the officers of the companies, they did not expect the report would be of such a drastic character in the matter of investments. The officers of at least two of the big companies were in consultation with lawyers until long after midnight.

A special meeting of the executive committee of the New York Life was held yesterday morning for the purpose of considering the report, and the trustees of the same company were hastily summoned to meet yesterday afternoon in order to discuss with the members of the executive committee ways and means to defeat the passage of certain of the proposed measures.

Paul Morton, president of the Equitable Life, was likewise in consultation with several of his directors. When asked to comment upon the report, particularly upon that part setting forth the committee's opinion of the Ryan trust control—Mr. Morton declined on the ground that he had not "digested" the findings of the committee.

One official who is high in the councils of the insurance chiefs, said that the restrictions of investments recommended in the report were considered as most important by the management of the various companies.

SULTAN FACES CRISIS.

Revolt in Yemen Spreads and His Unpaid Troops Mutiny.

Constantinople, Feb. 24.—An extraordinary meeting of the council of ministers has been summoned to confer with the sultan at the Yildiz palace and deal with the situation in Yemen, Turkish Arabia.

The hitherto localized revolt in Yemen against Turkish rule has been fanned into a more widespread rebellion by a strike proclamation in Sheikh Mahmud Yohia. Many tribes have joined the rebel sheik, and the encounters with Turkish troops which have taken place at various points indicate that the situation is critical.

Turkey is embarrassed by the objection of the troops to go to Yemen. Further reinforcements which were on their way there mentioned on board a transport in the Red sea early this week and refused to do any duty until they received their arrears of pay.

GIVES \$25,000 IN FLOUR.

Canada Helps the Japanese Sufferers from Famine.

Ottawa, Feb. 24.—The Canadian government has purchased \$25,000 worth of wheat flour to send to Japan for the sufferers from famine in the northern part of the kingdom. The first shipment starts from the Pacific coast on March 5. The bags bear an inscription in Japanese stating that the flour is a gift from the government of Canada to famine sufferers. The flour selected is made from wheat from the provinces of Manitoba and Alberta.

NO RUSSIAN GOLD.

Banks Issue Paper Rubles in Place of Yellow Metal.

New York, Feb. 24.—A St. Petersburg despatch to the Evening Sun says: "Paper rubles are being issued, the banks having suspended payment in gold. The gold reserve is known to be low. Some such radical action has been hinted semi-officially for some time, although just the form to be taken was not stated."

PARIS CHURCHES STORMED.

Authorities Break Down Barriercd Doors and Firemen Use Hose.

Paris, Feb. 24.—The authorities, assisted by the police, took the inventories of twenty churches yesterday amid manifestations. Many barricaded doors were broken down and firemen drove out the manifestants by playing water upon them. Four arrests were made. At St. Servan three military officers successfully refused to obey a general's order to force the doors of a church and outside assistance had to be summoned.

SIGHT DRY DOCK DEWEY.

Was Of Las Palmas, Canary Islands Yesterday Afternoon.

Las Palmas, Canary Islands, Feb. 24.—The United States dry dock Dewey has been sighted off this port.

A STRONG ENDORSEMENT OF

NEWBRO'S HERPICIDE

"Having suffered for years with a very obstinate case of dandruff and falling hair, I had almost despaired when a lady friend induced me to try Newbro's Herpicide. Now after a thorough trial I cannot say enough in praise of it. From a dull lustreless head of hair I have now a beautiful head of glossy hair which I can only thank Herpicide for."

(Signed)—MADAME THEKA.

NEW YORK, N. Y.

Care New York Clipper.

"As good as Herpicide" is the familiar claim that is made for many so-called germ-destroying hair remedies. Newbro's Herpicide is the ORIGINAL remedy that kills the dandruff germ and its wonderful success and popularity account for the increasing number of imitations of it.

Why not get the original? Substitutes are always disappointing. Herpicide kills the germ that causes dandruff, itching scalp and falling hair. Extraordinary results follow its use. Stops itching of the scalp instantly. At Drug Stores. Send 10c in stamps to The Herpicide Co., Dept. N., Detroit, Mich., for a sample.

FOR UNIVERSAL SUFFRAGE

Five Bills in the Austrian Parliament.

PREMIER READING THEM

Is Subjected to Interruptions — The Turkish Government Council Debates on the Yemen Revolution.

Vienna, Feb. 24.—Five bills embodying a scheme for universal suffrage and other electoral reforms were introduced in the lower house of the Austrian Parliament yesterday by the Premier, Baron Gautsch von Frankenthurn.

The premier was subjected to noisy interruptions on the part of Pan-Germans while explaining the details of the plan, but the majority of the deputies heartily applauded his speech. The bills provide for the election of 453 deputies to the lower house, every Austrian twenty-four years old and domiciled in a constituency for at least a year will be entitled to vote, and everyone possessed of Austrian citizenship for at least three years will be eligible to election to the lower house. Plural voting is prohibited and a division of the electoral districts is designed so as to give the Germans 30 representatives, the Slavs 230, the Italians 16 and the Rumanians 4. A bill amending the standing order of the House provides for the suspension of disorderly members for a period not exceeding one week.

Ship on Rocks, Crew in Peril.

Halifax, N. S., Feb. 24.—An unknown vessel has been sighted on the rocks off Little Hope with men breaking over her. Men from shore with powerful glasses can see the crew in the rigging. The weather is cold, and unless assistance can reach them promptly all will perish.

Woman Says Man's Slayer Is at Bay.

San Francisco, Feb. 24.—Mrs. Frank W. Sawyer of Boston niece of John Stinson, who was murdered seven years ago, announces that detectives in her employ have located \$75,000 of bonds once owned by her uncle. She is inclined to think the murderer is at bay.

Will Not Leave Dartmouth.

Hannover, N. H., Feb. 24.—President Tucker of Dartmouth College has issued a statement denying that he is willing to accept the Republican nomination for governor.

TOURNAINE TO GET LICENSE.

May Have to Pay \$7,000 for Liquor Privilege.

Boston, Feb. 24.—The Hotel Tournaine is to have a license. The advertisement of Fred W. McConnel and Ivan C. Hight appeared yesterday for the first time. The Police Commissioners have intimated their willingness to grant the license. But, contrary to expectation, the Board will refuse to issue an original license. There are already enough in operation, the members say. And that means that the Tournaine applicants must go into the open market to buy a license, and must pay not only a full fee for a new license—\$2,300—although the license will have only two months to run, but must pay a high premium. The usual bonus for a license in the open market is about \$4,500. This means that the Tournaine will pay over \$7,000 for its new right to sell liquor. The application will be advertised ten days, according to the statute law.

To Cure a Cold in One Day

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

80-CENT GAS FOR N. Y.

State Commission Fixes That Price for Consolidated and Other Companies.

Albany, N. Y., Feb. 24.—The state commission of gas and electricity yesterday filed an order fixing the maximum rate at which the Consolidated Gas company of New York shall sell its gas to its consumers for three years from May 1, 1906, at eighty cents per 1,000 cubic feet. Such gas to be of twenty-two candle power and of a purity and pressure established by law.

Orders have been issued also in the cases of other companies in Manhattan fixing the rate of eighty cents per 1,000 cubic feet.

Woman Says Man's Slayer Is at Bay.

San Francisco, Feb. 24.—Mrs. Frank W. Sawyer of Boston niece of John Stinson, who was murdered seven years ago, announces that detectives in her employ have located \$75,000 of bonds once owned by her uncle. She is inclined to think the murderer is at bay.

Will Not Leave Dartmouth.

Hannover, N. H., Feb. 24.—President Tucker of Dartmouth College has issued a statement denying that he is willing to accept the Republican nomination for governor.

GERICKE TO QUIT BOSTON.

He Resigns as Director of the Symphony Orchestra.

Boston, Feb. 24.—Wilhelm Gericke has resigned as conductor of the Boston Symphony orchestra. Mr. Gericke was asked to continue in the position during the season of 1906-7 by Major Higginson, father of the orchestra, and he consented to remain "under certain conditions."

Mr. Gericke was conductor of the Boston orchestra from 1884 to 1899 and from 1908 until the present time. It was his work in the first five years that made the band what it is today. It suffered during the interim under Henschel, Nikisch, and Paur, but when Gericke returned he restored the magnificent ensemble and the brilliancy and precision of the strings.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a running ear, or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give one Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

J. C. HENNEY & CO., Toledo, O. Solely by Druggists. 75c. Take Hall's Family Pills for constipation.

FOUR CYLINDER TOURING CAR \$2,250.00

OLDSMOBILE

Do not Decide on your Automobile until you have seen the 1906 Oldsmobile.

The 1906 Oldsmobile cars carry out more than ever the Oldsmobile idea of exceptional quality for little money. The Palace Touring Car (4 cylinder) direct drive (chainless) and the Two Cycle or Double Action Olds (also chainless) are very similar and conform in design to the most approved European practice and sell for a much lower price than other cars having similar construction, power and up-to-date features.

The Double Action Olds (Model 1) has a two cycle, two cylinder motor, developing 30 to 34 h. p. and is the only new thing in automobiles—a revolution in motor car building. There are only 3 working parts—an explosion every stroke—no valves, no cams, no mechanical things to get out of order. It is the simplest motor made. Wheel base 102 in., weighs 2,000 lbs., detachable rear seat, otherwise like the 4 cylinder Touring Car. Price \$1,550.00, including two acetylene lamps, with generator, horns and tools.

The 4 cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.

The Four Cylinder Touring Car (Model 8) is chainless (shaft driven) 36 in. wheel base, 106 in. wheel base, four vertical water cooled cylinders, 44 bore and 4 1/2 stroke, sliding gear transmission, weight 2,300 lbs., carries five persons. Price \$2,250.00.
